## CONNECTIONS AT HAND REACH.

Today, technology defines our world. It's the support for a range of workstyles – nomadic, conferencing, tasking, teaming. That's why quick, easy access to data, power and technology networks has become essential. Introducing the Steelcase Connecting Hub – a quick, convenient way to plug into your world, wherever you are in the office. Forget about wasting time looking for connection points. Now your network access is within easy reach – in one modular, customisable unit that can meet both your current and your future technology needs while complying with B55733 BSI standards – helping you work and share information more effectively.

The Steelcase Connecting Hub provides easy network access, maintaining ergonomic comfort.
